Lincolnwood Parks and Recreation Summer Day Camp Annual Report 2024

Program Overview

Lincolnwood Parks and Recreation offered another great opportunity for residents and non-residents to participate in the Lincolnwood Summer Day Camp. New in 2024, resident registration was open for four weeks before non-residents. This was an increase of two weeks from previous years to allow residents more time to register. In addition to the typical nine weeks of summer camp and one week for Last Hurrah, an Adventure Camp was added following Last Hurrah due to School District 74 returning to school a week later than normal. Little Lincolns and Proesel Pals were split into three, three-week sessions, along with the option to register per week. Tree Tikes was a weekly registration only.

The specifics regarding each camp offered are listed below.

Tree Tikes	ages 3-5 years	Monday to Friday	9:00am-12:00pm
Little Lincolns	ages 6-8 years	Monday to Friday	9:00am-3:00pm
Proesel Pals	ages 9-12 years	Monday to Friday	9:00am-3:00pm
Half Day Afternoon	ages 6-12 years	Monday to Friday	12:00pm-3:00pm

Tree Tikes, Little Lincolns, and Proesel Pals were all held at Proesel Park, while the Half Day Camp was held at Lincoln Hall School.

Summer Camp was filled with a variety of games, crafts, activities, sports, swimming at the Aquatic Center, and Friday field trips.

2024 Survey

Surveys were sent out at the end of each session. Each survey asked questions related to the camper's overall experience after each camp session and the summer experience. With all three surveys, we received a total of 62 responses. Session one received 25 responses, session two received 19 responses, and session three received 18.

Some of the questions from the surveys and their responses are as follows:

Would you recommend this camp to someone else?

18 responses

How would rate your camper's overall experience for Summer Camp - Session 1

18 responses

Did the camp meet your (and your camper's) expectations?

18 responses

Common feedback received from the summer camp survey is listed below.

- Parents have expressed wanting their children to be at the pool for a longer period.
- Parents have requested a 30-minute drop-off window for summer camp rather than only being allowed to drop off at 9:00am.

Summer camp received many positive comments from campers and camp families. Comments are listed below.

- “This has been a wonderful experience for both my kids. We will be back, and I've told several friends about this camp for next year.”
- “It was a first for us, and we’ll definitely return next year. My daughter felt comfortable with the counselors; they did a good job interacting with the kids, and I felt confident knowing my daughter was in good hands.”
- “Everyone has had great energy and has been consistently helpful and involved with the care of my campers. I'm very grateful for this positive first-time camp experience!”
- “You have an excellent, attentive, kind, and creative staff! We will be back next summer!”
- “All staff have been very responsive and positive to work with and I've watched my children bond with their team leaders and other staff as well. It's really clear to me that my children feel safe, cared for and have a healthy sense of belonging in this summer camp community...which is terrific! Thanks to all who have made this happen!”

Other comments from the survey and suggested areas of improvement can be found below.

- “There have not been any "special" days or weeks like color week or space days or sports events.”
- I really wish the camp counselors could assist with the application of spray-on sunscreens on difficult to apply areas like the back, neck, and shoulders for these younger kids.
- “It would be great if camp could coordinate a pickup at the school for those who would like to do education and then camp in the summer.”

2024 Improvements

Changes implemented in 2024, based on recommendations from 2023, are listed below.

- Little Lincolns and Proesel Pals sign-in and sign-out are no longer in the same area. Making this change significantly helped with sign-in and sign-out lines and confusion about which camp kids are in and helped camp staff.
- A variety of field trips were scheduled.
- Continuing to enhance staff training: for example, leadership training and team building

2025 Recommendations

After hearing from parents and staff, below are the recommendations for summer 2025.

- Camp Swim Lessons will go back to being 4 days a week, we will no longer offer the two days a week option.
- A phone app will be utilized to better communicate and stay in touch with camp parents.
- We will implement additional training, such as de-escalation training, and continue our leadership training.
