# President's Message

Dear Residents and Friends,

At last, the Holidays approach! This year my wife, Nancy, and I will be guests of Lincolnwood residents, Neena Dave and her husband Nishit Patel, joining them in celebrating the Hindu Festival of Diwali. Diwali is a Hindu Festival commemorating the return of Lord Rama from his 14 year exile after vanquishing the demon-king Ravana. It is a celebration of good over evil and is marked by dazzling light decorations and holiday cheer. Diwali has special significance in other religions too, namely, Jainism, Sikhism, and Buddhism and is observed as a national holiday in many countries like India, Sri Lanka, Nepal, Mauritius, Myanmar, Trinidad and Tobago, Guyana, Suriname, Fiji, Singapore and Malaysia. In 2010, President Obama celebrated Diwali in Mumbai and it has been celebrated in the White House ever since.

This Holiday Season let's go out of our way to help our neighbors. There is more and more of our elderly population who stay in their homes than ever before. You can help by shoveling the snow from their walkways, taking them shopping, and bringing over some of your holiday treats. These are all nice ways to remember people, especially our elderly.

### Some things to note for the end of the year and beyond...

**Annual Toys for Tots Luncheon:** The Annual Toys for Tots Luncheon will be hosted for the 22nd consecutive year by Lincolnwood's John and Dee Barbino along with our great Lincolnwood Police Department. It will most likely be held on Friday, December 4 beginning at 11:30 a.m. at Monestero's Ristorante and Banquets 3935 W. Devon. We will announce the final plans on the Village website. Please remember to bring as many new toys as you can carry! For tickets, please contact the Chamber of Commerce at (847) 679-5760.

**Village Wide Hanukah Party** is set for Wednesday, December 9, 5:30 p.m. at the Lincolnwood Community Center. Rabbi Moshe Wolfe, Cheder Lubavitch Hebrew Day School of Skokie and Rabbi Joel Gutstein of Yehuda Moshe Synagogue of Lincolnwood present this celebration and invite all Lincolnwood residents to join in the fun with your families to experience this ages old Festival of Lights! Join my wife Nancy and I on this fourth night of Chanukah 5776.

**Lincolnwood Chamber of Commerce Salute to Business:** The Chamber of Commerce's Salute to Business will most likely be held during the week of January 18. The exact date will be publicized on the Village website. The State of the Village luncheon will be Thursday, March 24 in our Village Community Center. For tickets, contact Executive Director Jackie Boland at (847) 679-5760.

**Lincolnwood Lights:** On Monday, November 30 at 5:00 p.m., the Village invites you to attend the third annual Village Holiday Tree Lighting Celebration at Village Hall. Let's celebrate the holiday season with hot chocolate, music, and a visit from a special guest.

**90 Miles:** A Cuban Restaurant owned and operated by Lincolnwood residents, Alberto and Christina Gonzales, opened in September in the Lincolnwood Mall. It is a remarkably authentic restaurant which brings you into an atmosphere which feels like Cuba! The menu has all the Cuban favorites.

**Lincolnwood Holiday Blood Drive:** The Larry Froman Memorial Blood Drive will be at the Village Hall Council Chambers on Thursday, December 17, 2015 from 1:30 p.m. to 7:00 p.m. I want to thank Harvey Weinberg and Amy Kaniiff for their continued great work in running the Village's blood drives.

**Rescue Rangers:** Rescue Rangers are students over the age of 11 who provide help to our senior citizens by shoveling snow or assisting with other light household tasks. Parents of interested students should send an email with contact information to [jerry@turry.net](mailto:jerry@turry.net). Let's work together and not let any neighbors in need go without help this winter.

I want to extend our warmest holiday wishes from Nancy and I to you and yours. May your holidays be joyous and peaceful, and may your New Year be filled with peace, health, and prosperity!

Very truly yours,

Gerald C. Turry  
Village President

## Lincolnwood Joins the O’Hare Noise Compatability Commission (ONCC)

On October 2, the ONCC voted to approve Lincolnwood as its 56th member. The Village joined the ONCC to engage in discussion and seek cooperation between the City of Chicago, suburban municipalities, airlines, Federal Aviation Administration, air traffic controllers and airline pilots. The ONCC is the only intergovernmental agency that is dedicated to reducing aircraft noise in communities around O’Hare International Airport.

The O’Hare Modernization Program (OMP), approved by the Federal Aviation Administration in 2005, outlines a change in runways from intersecting runways to a primarily parallel runway system. One of the more recently commissioned runways, 9L-27R, has a flight path over Lincolnwood that has resulted in an increase in traffic and noise.

The Village provides and maintains a website for residents on the O’Hare Modernization Program (OMP) available at [www.lincolnwoodil.org/ohare-modernization-program](http://www.lincolnwoodil.org/ohare-modernization-program). This page provides a background on the OMP and resouces for residents including external websites to register a complaint, view “live” air traffic, and view noise contours. A link to the 2015 Re-Evaluation of the O’Hare Modernization Environmental Impact Statement is also available. The ONCC also has information on its website, [oharenoise.org](http://oharenoise.org). From the ONCC home page, you can access the *Aircraft Noise Complaint Form* online that submits complaints to the City of Chicago.

If you have questions about the O’Hare Noise Compatability Commission or air traffic noise, please contact Amanda Pazdan, Management Analyst, at (847) 745-4716 or [apazdan@lwd.org](mailto:apazdan@lwd.org).

## Fire Department Recognized by American Heart Association

The Lincolnwood Fire Department was recently recognized as one of only 19 EMS Agencies throughout Illinois by the American Heart Association for cardiac care given to our residents. This recognition was through the American Heart Association’s Mission Lifeline, designed to help the more than half a million of Americans that experience ST-elevation myocardial infarction (STEMI), out-of-hospital cardiac arrest or both a year.

As part of the Fire Department’s plan to improve these services further, the Village recently approved the purchase of two new cardiac monitors that will help when residents experience an infarction or cardiac arrest. For more information, please contact the Fire Department at (847) 673-1545.

## Lincolnwood in Bloom Winner

The Lincolnwood Beautification Task Force would like to congratulate the 2015 Lincolnwood in Bloom Winner, 6619 Navajo (pictured on the right). Thank you to everyone that participated in this year’s contest.

# Public Works

## Garbage, Recycling and Yard Waste

As a reminder, the Village's waste hauler, Groot, picks up refuse and recycling on Mondays. If a pickup is missed, residents must call the Public Works Department before 11:00 a.m. on Tuesday at (847) 675-0888. Groot containers (refuse and recycling) must be removed from the street by 8:00 a.m. on the day after collection. Violators are subject to a citation. The last yard waste collection of the year will be on Monday, November 30 and will resume next spring. There are no holidays in November or December that will affect trash collection. All pickups will occur on Mondays.

## Holiday Light Recycling

Beginning November 16, the Village will again offer a free holiday light recycling program in conjunction with the Solid Waste Agency of Northern Cook County. Accepted items will include: mini-lights (or Italian lights), C7 lights, C9 lights, rope lights, LED lights, and extension cords. The Village will not be accepting garland, live greens, wreaths or other non-recyclables. Containers will be available at the Public Works Department located at 7001 N. Lawndale Avenue, Monday through Friday between 8:30 a.m. and 4:30 p.m. The program will end on January 29, 2016.

## Street Light Replacement Project

The Village's contractor, Utility Dynamics, is nearly finished with installing new LED street lights along Lincoln Avenue between Kostner and Devon Avenues as well as on McCormick Boulevard from Pratt to Devon Avenues. This project is part of the Village's five-year Street Light Replacement Program and is expected to be substantially completed by the end of December. Please contact the Public Works Department with any questions at (847) 675-0888.

## Fire Hydrant Accessibility

In cases of emergency, seconds count. This winter, help out by adopting a fire hydrant. Adopting a fire hydrant near your home includes clearing the snow between the street and the hydrant. When you adopt a fire hydrant, you ensure it is accessible to the Fire Department in an emergency.

## Keep Mailboxes Clear of Snow

As the inclement weather approaches, the United States Postal Service (USPS) needs your help in delivering mail when snow events happen. By keeping a clear and clean path to your mailbox, your letter carrier will be better able to deliver your mail and packages. So when the snow hits, please keep a shovel handy and clear a safe path to your mailbox. Your letter carrier can take it from there. If you have any questions, please contact the USPS at (800) 275-8777.

## Frozen Water Lines

As winter approaches, the Village would like to remind residents to prepare water lines for freezing temperatures. Here are a few simple tips to protect your water line:

- Disconnect garden hoses from all outdoor faucets. This allows water to drain from frost-free faucets.
- Let a trickle of water run from a faucet to keep water moving through the line.
- If your water meter is located in a furnished area of your basement, check to be sure that the meter has been insulated properly and has protection from freezing during winter months.

Contact the Public Works Department at (847) 675-0888 if you suspect your meter is frozen.

## Fall Leaves Collection Tips

Each autumn, large piles of leaves are found in public streets throughout the Village. The Public Works Department requests that residents assist Village crews by not raking leaves into the street to reduce the possibility of clogging storm drains.

Additional collection tips include:

- Wet leaves down when they are piled to reduce the likelihood of them blowing away.
- Keep areas around fire hydrants free of leaf piles.
- Rake leaves away from parked cars.
- When raking leaves, rake them into piles so that they can be easily placed into yard waste bags to be pickup by Groot.

# Public Works

## Crawford Avenue Construction Completed, New Trees Coming

In August of 2015, the Cook County Crawford Avenue reconstruction project concluded after two years of construction. The project included reconstruction of the road, new sidewalk, street light upgrades, and new water main and fire hydrants. The project was a complete package that included upgrades of all major utilities. During the spring of 2016, trees will be planted in the medians along Crawford Avenue as part of the final landscape restoration for the project. Tree species include: Canadian Chokecherry, Swamp White Oak and Kentucky Coffee Trees. The Village appreciates everyone’s cooperation and patience during the construction process.

## Snow Blower and Shoveling Safety

Each year, thousands of people are injured while blowing and shoveling snow. When you use a snow blower or shoveling this winter, here are a few basic safety tips:

- Turn off the engine on a gas machine or unplug the motor on an electric model before clearing a clog at the auger or discharge chute. Then use a clearing tool, never use a body part to remove the clog.
- Wait until a gas model’s engine is cool before refueling.
- For electric models, use an outdoor extension cord with an outlet that has ground-fault-current-interrupting (GFCI) protection. Be sure to keep the cord safely away from the spinning auger while the snow blower is working.
- Drink plenty of water. You can easily become dehydrated even in cold weather.
- Dress in several layers so you can remove a layer as necessary.
- Use a shovel with a small blade and pace yourself and take breaks when necessary.
- Push snow rather than lifting and throwing.

If you cannot clear the snow and need some assistance, please contact the Mayor’s Office regarding help that may be available through the Village’s Rescue Ranger Program at (847) 745-4717.

## Alternate Side Parking

The Public Works Department asks all residents to assist the department in snow removal by parking vehicles in driveways or garages and refraining from blowing snow into the street. Snow plowing operations will begin when snow becomes more than two inches deep and temperatures indicate that no melting will occur. Parking is always prohibited on Pratt Avenue when two inches or more of snow accumulates.

The Village’s Alternate Side Parking is a two day process following snow events that assists with snow removal. When there are two inches of snow or more on even-numbered days of the month, motor vehicles may only be parked on the side of the street with even-numbered addresses. On odd-numbered days of the month, motor vehicles may only be parked on the side of the street with odd-numbered addresses. Alternate side parking is in effect from 8:30 a.m. to 3:30 p.m. Monday to Friday. When alternate side parking is in effect a notice is posted on the Village’s website, [lincolnwoodil.org](http://lincolnwoodil.org) and the Village’s cable channel.

**ALTERNATE SIDE STREET PARKING**  
**EFFECTIVE NOVEMBER 1**

**After 2 inches of snowfall**  
**8:30 a.m. to 3:30 p.m.**  
**Monday through Friday**

On even-numbered dates, park on the side of the street with even-numbered addresses.

On odd-numbered dates, park on the side of the street with odd-numbered addresses.
