

Village of Lincolnwood Request for Private Flood Control Rebate Program

The Village has a flood control rebate program to help property owners make improvements to aid in protecting properties during major stormwater events. Covered projects for the program include overhead sewer conversions and installation of backwater check valves. The program provides property owners with a cost-match of 50% of the total project up to a maximum of \$2,000. Program funds are limited and the Village will fulfill requests on a first-come first-served basis.

A Village permit must be issued for the work, the work must be performed by a licensed contractor within the Village and all required inspections must be performed. The work must conform to all applicable Village codes and regulations. *Rebate forms must be submitted within 90 days of the work being completed. Work performed prior to May 1, 2016 is not eligible for this program.*

Name: _____

Address: _____

Phone Number: _____

Permit Number: _____

Please attach copies of the following:

- Copy of the contractor's contract (indicating work to be performed and cost to perform work)
- Village permit
- Proof of payment to the contractor (copy of cancelled check OR credit card receipts and stamped invoice marked PAID)
