*****Public Water Supply Boil Order Update*****

Lincolnwood, IL – The Village of Lincolnwood’s **BOIL ORDER** is still in effect. Earlier today a power failure occurred in the Village’s Pump House control panel, which caused the pumps to fail. The Village worked with its contractor and ComEd to identify the source of the problem, which has now been resolved. The Pump House is now functioning normally. Despite a significant drop in water pressure, the Village was still able to provide water to its residents and business.

The Village anticipates results of the bacteriological samples to be returned by late tomorrow morning, June 14, 2019, and if they are clear, the boil order will be lifted. Notification will be provided through a recorded phone call, e-newsletter, social media, mass media and the Village’s cable channel and website. Please contact Public Works at (847) 675-0888 during normal business hours, 8:30 a.m. – 4:30 p.m., and the Police non-emergency number outside of those hours at (847) 673-2167 with any questions.
