2. Discussion Concerning a Proposed Tax on Public Storage Facilities

This item was presented by Mr. Petroshius using PowerPoint.

**Potential New Revenue: Self-Storage Tax**
*Previously discussed at 2016 Budget Workshop and Finance Committee*

Three facilities in the Village, all on retail corridors
- Do not generate sales tax
*Tax would be paid by renter/lessee
*An average of 28 police calls per year has been generated over the past eight years

**Possible Storage Tax Structures**
*Village Attorney – Cannot base tax on amount charged (i.e. Gross Rental or Lease)*
- State Law
*Alternatives*

A flat tax based on the number of storage units
- Example: Flat Tax of $5.00 per month regardless of size of storage unit
- Staff estimates there are 2,000 storage units of varying sizes within three self-storage Locations

If a $5.00 monthly tax was imposed, the Village could expect to receive $120,000 annually

*A progressive tax based on a square foot basis*
- Example: $1.00 per square foot per year ($0.83/month)
- Renter/lessee of a 10x10 unit (100 square feet) would pay an additional $100.00 per year
  - Staff estimates 235,147 square feet of potential storage space
    - Includes walkways, offices, bathrooms
    - Actual square footage of storage space difficult to estimate
  - $235,147 annually (assumes 100% occupancy)

Discussion and questions ensued with clarification by Mr. Petroshius and Mr. Wiberg.
Some items discussed included the need for a moratorium on storage units (3 is enough in the community), the possible dependence of our budget on this tax (not in any way), should we defer this for six months (possible). It was suggested that this item be brought to a future Committee of the Whole for further discussion.

**Adjournment**

At 7:30 PM Trustee Patel moved to adjourn Committee of the Whole, seconded by Trustee Cope.

The motion passed with a Voice Vote

Respectfully Submitted,

Beryl Herman
Village Clerk
