Permitted Bldg. Coverage: 1,619sf (39.7%)

Proposed 2-car Garage

Total Building Coverage: 1,664sf (40.8%)  
Required Variation from 2009 Allowance: 45sf

**Considerations**

*Minimal impact on neighboring properties
*Proposed improvement does not impact existing trees
*Proposed improvement would be compliant with all other code requirements, including lot coverage

*ZBA has previously stated that they consider a 2-car garage a base standard.

No public comment was received prior to this hearing.

**ZBA Discussion**

*ZBA Hearing was held on August 16, 2017

• Concerns that a true hardship had not been demonstrated
• Discussion related to lack of on-street parking on the block

**Requested Action**

Approval of an Ordinance with a Variation to allow a total permitted building coverage of 1,664 sf (40.8%)
Two residents spoke against this proposal:
German Bedoya and Shelley Solis

Discussion ensued. Mr. Hammel stated that this is a recurring issue in this area.

Located Parallel to and Along the Side Lot Lines at 6850 North Lowell Avenue

This item was presented by Mr. Hammel using PowerPoint.

*Inspected in 2016
*Failed inspection due to setback and “non-open” design

Petitioner Considerations
*Trash Bin Storage
  • Concrete stoop inhibits relocation of trash bins
  • Fence relocation could inhibit maneuverability
*External Utilities
  • Electrical conduit in south side yard
  • Water meter in north side yard

Public Comment
*Letter of support from Reese Gratch (6825 North Lowell Avenue)
*Letter of support from Joel Gratch (6825 North Lowell Avenue)
*Letter of support from Leah Brennan (6834 North Lowell Avenue)

ZBA Discussion
*ZBA Hearing opened on June 21, continued to August 16, 2017
  • Concerns regarding contractors doing non-compliant work then seeking variations
  • Discussion related to the location of utilities and stoop and how they may inhibit compliance
• Discussion about other work that would have to be done if full compliance is required.

*ZBA Decision:
• Agreed that full compliance would require excessive work to be done
• Approved the modified request by a 3 – 1 Vote
  + Variation from the front façade setback requirement
  + Variation for the present openness for fences running along the side lot line
  + Fences parallel to front façade must be modified to meet 50% open requirement

**Requested Action**
Approval of an Ordinance with Variations to allow an existing fence to remain in place that is:
* Constructed less than 3’ from the front façade of the primary structure; and
^ Not consistent with the definition of an “open fence” along the side lot lines

A question was asked of Mr. Hammel regarding the frequency of these requests after the work was done. He stated that this is not common, as there are inspections during the work. In this case this was done before the inspection could be done, thus the Village is looking at the item again.

NAYS: None
